

TA Recruitment Portal - User Manual

Welcome to the TA Recruitment Portal. This system provides a streamlined platform for Module Organizers (MO) to publish vacancies, Teaching Assistants (TA) to apply for positions, and Administrators (Admin) to manage platform operations.

1. Access & Authentication

The system automatically directs you to the correct workspace based on your role.

- **Sign In:** Enter your **User ID** and **Password** in the portal access panel.
- **Demo Accounts:** Predefined accounts (TA001, MO001, ADMIN001) are available for testing.

2. Teaching Assistant (TA) Guide

As a TA, your workspace allows you to manage your academic profile, browse open positions, and track your application statuses.

2.1 Profile Management

Update your academic details, research area, and CET6 scores in the **Personal Information** section. All fields are required by the server validation rules.

2.2 Job Search & Application Tracking

Browse active vacancies under **Job Overview**. Monitor your progress in **Application History**. Click **Feedback** to read instructor comments.

The screenshot shows the 'Personal home' page of a University of London user. The page is divided into a left sidebar with navigation links (Home, Job overview, Notifications, Conversation) and a main content area. The main content area includes 'Personal information' (Basic profile) and 'Application history'.

Personal information

Edit your profile fields and save. All fields are required by the server validation rules.

Basic profile

STUDENT ID: TA001, FULL NAME: Dongting Ge, EMAIL: 3227875708@qq.com, PHONE: 18129229288, RESEARCH AREA: computer science, EXPERIENCE: 655

Application history

Filter by status: All, Pending, Approved, Rejected, Interview

MODULE	MO	STATUS	APPLIED	FEEDBACK
EBU5476 Data Structures	Dr. Smith	INTERVIEW	2026-04-07 20:38:23	Feedback
EBU6305 Computer Networks	Dr. Smith	REJECTED	2026-04-07 17:14:49	Feedback
FRU7140 Machine Learning	Dr. Smith	REJECTED	2026-04-07 17:14:43	Feedback

3. Module Organizer (MO) Guide

As an MO, you can manage module vacancies and evaluate applicant profiles efficiently.

- **Publishing Vacancies:** Create new TA positions by defining module names, requirements, and deadlines.
- **Managing Jobs:** You can edit active posts or manually close them once a position is filled.
- **Reviewing Applicants:** Access your module's applicant list to review student profiles, personal statements, and uploaded CVs.
- **Decision Making:** Update application status to **Interview**, **Approved**, or **Rejected** and provide written feedback.

4. System Administrator (Admin) Guide

Administrators oversee account security, enforce system rules, and handle data migration.

- **Account Oversight:** Use **Account Management** to search, freeze, or delete users.
- **Rule Enforcement:** Monitor the "Upper Limit" filter to ensure no TA exceeds the 3-module workload limit.

- **Data Operations:** Use **Export CSV** to archive system data and **Import CSV** for batch account creation.
- **Audit Trail:** Review the **Operation Log** to track all critical system activities.

The screenshot displays the TA Recruitment Portal interface, which is divided into several sections. On the left, there is a navigation sidebar with links to Account Management, Project Management, and Operation Log. The main content area is titled 'Account Management' and features a search bar, filters for Name or department, Role, and Status, and a table of accounts. The table lists accounts such as System Admin, Dr. Smith, Dongting Ge, and 5555, with columns for Name / Email, Role, Department, Status, and Last Login. On the right, there is a 'System Admin' section with fields for Account Type, ID, Full Name, Email, and Password, and buttons for 'Create TA account', 'Export CSV', and 'Import CSV'. The background of the interface features a night-time image of the University of London campus.
